

Melanesian Journal of Geomatics and Property Studies

Guidelines for Author

Authors should follow the following guidelines:

A. Topics

Satellite Remote Sensing	Environmental biology
Change detection	Ecology
Image processing and pattern recognition	Geosciences and environmental physics
Remote sensing applications	Cadastral Mapping
Geographical Information systems	Land Information System
Photogrammetry	Property Valuation
Digital Mapping	Development Appraisal
Geodesy sciences	Property Development / Management
Spatial Data Analysis	Land Registration/Dispute Settlement
Environmental Sciences	Land law
Soil Science	Urban and regional planning
	Any other property/land related topics

B. Sending Manuscript

Send your manuscript/research paper to the following email ids.

editor.mjgps@gmail.com and/or editor.mjgps@gmail.com

1. Length of the articles should be less than 10 pages.
2. Title of the articles should not exceed 15 words.
3. A brief note about the Author(s) should be provided on the first page of manuscript which includes:
 - > Full name
 - > Affiliation to the organization/college/university
 - > Address
 - > E-mails
4. Abstract should be less than 250 words (along with 4-6 key words)
5. Structure of the paper will be as follows:

- > Introduction
- > Materials and methods
- > Results and Discussions
- > Conclusion and recommendation
- > Acknowledgement
- > References

6. Figures and tables should be centred, separately numbered, self-explanatory. Sources of data should be mentioned below the table. The authors should ensure that tables and figures are referred to from the main text.

7. References to other publications must be in alphabetic style and carefully checked for completeness, accuracy and consistency.

9. The submission implies that the work has not been published earlier elsewhere and is not under consideration to be published anywhere else if selected for publication in the Melanesian Journal of Geomatics and Property Studies.

10. Signed Copyright form should be submitted along with paper during submission process. Without copyright form your paper will not be considered for review.

C. Review Process

11. Article's section has been subjected to a tiered review process. This includes blind review by three or more members of the editorial review board followed by a detailed review by the MJGPS editors.

D. Acceptance of Manuscript

12. Decision of the Editorial Board regarding selection/rejection of the articles will be final.

13. Author needs to make major/minor revisions or corrections if any come up after review process.

14. Upon meeting above criteria the paper/manuscript could be accepted.

15. Only email communication is preferred if there is any query related to major/minor revisions or corrections, or for any other inquiry.

E. Publication of Manuscript

16. Manuscript will be published if only author can meet above criteria.

17. Camera ready format of the paper will be sent to the author for final author proofing.

18. Manuscript will be published as Online open access peer reviewed scientific paper under University of Technology Website.
